

This September **RAISE AWARENESS** for **PEDIATRIC CANCER**

Every school day, 47 kids are diagnosed with cancer. Your support is crucial to help lessen the financial burden on families of children with cancer so they can focus on what's important - their child's health.

Over 50% of families with a child battling cancer are forced to file for bankruptcy due to lost income and increased expenses. Daniela Conte Foundation assists families with their day-to-day utility, car, mortgage and rent payments, travel and grocery expenses and more.

COMMIT YOUR BUSINESS TO HELP RAISE AWARENESS:

- Spread the word via social media
- Wear something gold, representing the color for Pediatric Cancer Awareness
- Display a Daniela Conte Foundation Donation Box
- Consider a give back day
